Hi Catherine,

Further to your request, here is the team, but at the TOP of that list, not the bottom as he put it, is Peter Lemieux. He has been amazing on this. He was working day and evening all weekend on this and late last week and has been the one to find our folks, reach out to other departments and agencies, and roll with the ever changing landscape and events to keep driving this forward. He deserves tremendous credit for his leadership on this tasking.
